The Judge:

Saeed Mehran, you are accused of premeditated murder, do you want to say something?

Saeed:

Honourable Judges, I will conduct my own defence.

I did carry the gun, but it was Raouf Alwan who taught me to fire (it). I did not kill the doorman. I do not know him, and he does not know me. He was killed because he was Raouf Alwan's servant. That is the reason (he was killed).
