I usually travel to Turkey.

I spent my ideal holiday in Istanbul. I visited many historical landmarks there, such as the Blue Mosque and

Hagia Sophia.

You can do many things there, like shopping in its local markets and enjoying its traditional baths.

What I liked the most was the sea in Antalya, as the nature there is stunning, and the sea water is clear.

If I had enough money, I would also travel to Singapore.

I would like to visit Singapore because it has advanced technology and a rich heritage.
